## 2024-2025 SCHOOL YEAR CALENDAR

The Franklin Public School District is enriched by the cultural and religious diversity of its students, faculty, staff, and community. This document is prepared to promote cultural proficiency and inform our community of days in which students and staff may be participating in observances with their families. This document helps to outline what "observing" means in terms of a student's ability to be present in school, complete work, participate in after school activities, as well as dietary and other considerations. It does not include all religious holidays observed by every faith and only includes those holidays that fall within the School Year. State and Federal law require schools to make reasonable accommodations to the religious needs of students and employees. Parents should inform teachers when observances may conflict with school activities or if a holiday is not listed.

District policy IMDC "Accommodation for Religious and Ethnic Observances" describes the handling of absences and event scheduling on days which require consideration.

Please contact the Franklin Public School District with information about any religious day not listed below, for inclusion in future lists.
Holiday Observances in Massachusetts (Statewide Legal Holidays in Bold)

| Holiday/Observance | Description | $2024-2025$ |
| :--- | :--- | :--- |
