ASMS Mission Statement

COMMUNITY

In partnership with parents and the greater Franklin community, our mission is to educate our students to be resourceful, accountable, responsive, and contributing members of our global society.

CULTURE

We provide a safe learning environment that fosters tolerance, encourages compassion, and cultivates respect for individual differences. We promote teamwork in a collaborative environment.

PERSONAL GROWTH

ASMS celebrates the unique qualities of early adolescence by nurturing the physical, social, emotional, and intellectual growth of all students. We model perseverance, positive risk taking, mindfulness, and self-reflection through our daily actions.

ACADEMIC STANDARDS

We encourage independent, creative, and critical thinking in a rigorous program of studies that promotes student excellence. Our team of educators combines passion with innovative practices and 21st century technology to inspire lifelong learners.
