Re: Request to sell Leckey Mygo Stander to Bellingham Public Schools

This memo serves as a request to sell the district's Leckey Mygo Stander. This piece of specialized postural equipment was purchased based on the specific needs and size of one student and in accordance with that student's IEP. The student has moved out of Franklin as of March 11, 2021, and we do not have another student who will need nor fit in this piece of specialized equipment for four or more years. The school district where the student now resides is interested in purchasing it, and we are within our purview to sell this equipment to that district without further action. This district paid \$6,000 for this stander and has the opportunity to receive \$4,000 towards the cost as a result of this sale. With your approval, we would like to move forward with this.

Thank you for your consideration.
