Educational Adequacy Observation - Qualitative Findings

- Spaces in newer buildings are generally in alignment with MSBA standards for size of spaces
- Small Group/Breakout space is not ideal throughout district
- Older buildings not aligned with best practices for safety and accessibility
- Outdoor learning spaces could be improved throughout
- Declining enrollment provides opportunities for space mining
- Commitment to providing dedicated space for special programs throughout district
- Dedicated special education space not designed to be reflective of population

Next Steps

- Follow up with Visioning Workshops for additional clarification as needed from participants
- K-12 Master Planning - Developing Options (March and April)
- Workshops with Students, Parents, and Leadership (End of April)
- Portrait of a Graduate and Visioning Report out to School Committee 3/19
- Portrait of a Graduate and Visioning Report out to CFC 4/3
- Master Planning Report out (April/May)
