

Food For Thought

*By Colin Boisvert, Food Service Director and
Miriam Goodman, School Business Administrator*

Welcome to a new school year! The Foodservice Department is excited to be serving breakfast now at Oak Street School and JF Kennedy School. Students can pick up a grab-n-go meal on their way into school. Breakfast continues to be served at Davis Thayer, Parmenter, Jefferson, Horace Mann, Remington, and Franklin High School.

Locally grown organic produce from Silverwood Organic Farm in Sherborn, MA will continue to be featured at all schools throughout the fall. We have featured tomatoes, Asian greens, roasted acorn squash, eggplant, spaghetti squash, Delicata squash, and roasted tomatillo salsa so far.

Middle school menus will feature new “build-your-own-meal” options. These will include options such as: Build Your Own Egg Sandwich, Pasta Bar, and Asian Noodle Bar. Create your own masterpiece to enjoy!

Elementary menus will feature new menu options including: Greek Chicken Rice Bowl, Orange Chicken with Vegetable Lo Mein and Stir Fried Vegetables, and Grilled Chicken with Wild Rice and Roasted Vegetables.

Franklin High School will feature an entire month of Asian themed menu items. Be sure to try the General Tso's Chicken or the Beef Teriyaki.

Parents and students can provide feedback on all lunch items by using the rating tool on the Nutrislice App pictured here. [Download it now](#) and tell us your favorite menu items!
