

Professional Teacher Status Celebration

By Lisa Trainor, Director of Human Resources

On November 18th we recognized a group of Franklin teachers who earned their PTS (Professional Teaching Status) after three years working in Franklin Schools. This important accomplishment in the teaching profession was celebrated with a certificate, a tote bag and some sweet treats. Although not all are pictured, we celebrate those staff members listed below. Congratulations to all and thank you for your dedication to your students and our school district. We look forward to your future contributions.
