

# Post Secondary Planning Class of 2024

## Introductions

Ms. Heather McVay

Ms. Jodie Walsh

Mr. David Soulard

Ms. Abby Leone-Murphy

Ms. Joanna Kaplan

# Agenda

Our goal for this evening is to present a broad overview of what you and your student can be doing now to prepare for their post secondary lives. We will be discussing:

1. Timeline, what should I/we do?
2. Standardized testing
3. College visits, searching for colleges
4. NAVIANCE

# TIMELINE for FHS juniors:

As students are well into their junior year, it's time to begin to consider post-secondary options:

- 4 year college
- 2 year college
- Gap year/ Deferral
- Military
- Trade schools

# Fall: Career Development Focus

**Self Reflection**- Students are encouraged to take time to consider their interests, skills, strengths, and goals

**Career Research and Exploration**- Students are encouraged to utilize all the information readily available through college websites and naviance

**Support team** - Students are encouraged to utilize their supports- parents/guardians, guidance counselors, coaches, employers, family friends

**Google Classroom** - Timeline of events for college and career research

# FALL and WINTER: Research Careers and Majors

In addition to their support team, students can use resources such as:

- Naviance: Take the **Career Interest Profiler**.
- MassHire Career Information System: <https://portal.masscis.intocareers.org/>-
- O'Net: <https://www.onetonline.org>

# WINTER: Meeting with Counselor & Admissions Testing

- PSAT results will be released by [The College Board](#) on December 5, 2022.
- Students will meet in January - March with their guidance counselor to discuss goals and career planning and will learn how to complete a college search.
- Students will organize an outline for spring and summer activities which includes a testing plan (dates) for the SAT and/or ACT.
- Students will need to create accounts and register for the tests from home.

# WINTER and SPRING: Research in more detail

- Following the individual meeting with their counselor, students will have an initial list of schools and can continue to identify additional schools in Naviance. February and April breaks are good opportunities for campus visits as well as attending college fairs.
- In February, students will schedule senior year courses and can continue to discuss post high school plans in meetings with counselors. In late spring (following April vacation) students should request letters of recommendation from teacher(s).
- Students considering playing Division 1 or 2 athletics must register through the [NCAA Eligibility Center](#).

# Spring: Tentative Choices

- As students further identify their career interests, values, and skills/strengths, this often leads to revised ideas for careers, college majors, and to schools that offer and meet the criteria they are looking for.
- This is an exciting time! The choices and pace of decision-making are different for every student (i.e., developmental)
- Once career research, exploration, and tentative choices are in mind, the college process can be less stressful and better meet students' unique needs and goals.

# Summer : Opportunities

## Common App Boot Camp/ College Essay Writing Bootcamp

- Sessions are offered in August through the [Lifelong Learning Institute](#)

## Volunteer

- Take advantage of opportunities available to gain experience in field of interest

## Internships/ Job Shadow

- Speak with friends and family to establish and build connections.

## Pre-College Summer Programs

- Many colleges offer programs online and in person.

# Testing Updates

Will colleges require test scores for the Class of 2024?

Many schools are implementing test optional admissions policies, but not all schools have committed to going test-optional permanently.

Visit [www.fairtest.org](http://www.fairtest.org) for an updated list of test optional colleges and universities.

- TEST OPTIONAL: students can choose to submit/not submit SAT/ACT scores...be careful!
  - TEST BLIND: test scores are not factored into admissions at all, even if a student submits them
-

# SAT vs ACT: Similarities and Differences

## SAT

Math-heavy:

- 2 math sections (one no calculator section)
- Math questions are typically multi-step
- 1:15 and 1:26 per question

No science section, BUT...

5 Reading Comprehension passages:

- Vocabulary-heavy
- Language in passages is more challenging
- 13:00 per passage (10-11 questions)

Grammar:

- 44 questions
- Quite similar to ACT grammar section
- 0:47 per question

## ACT

Easier math with a focus on speed

- 1 math section (with calculator)
- Math questions typically require 1 or 2 steps
- 1:00 per question

Nominal science section

4 Reading Comprehension passages:

- Very fast-paced
- Language in passages is less challenging
- 8:45 per passage (10 questions)

Grammar:

- 75 questions
- Quite similar to SAT grammar section
- 0:36 per question

# SAT vs ACT: Similarities and Differences

## SAT

Score is the sum of all 4 sections

Usually 600-900 perfect scores annually (pre-COVID)

- 2.1 million test-takers in 2018

154 questions total:

- 141 multiple choice
- 13 free response

Accommodations for students with disabilities

## ACT

Score is the average of all 4 sections

Usually around 3,750 perfect scores annually (pre-COVID)

- 1.9 million test takers in 2018

215 questions total:

- All multiple choice

Accommodations for students with disabilities

**So...which test should my student take???**

---

# Test prep options

*PRO TIP:* Spend time reviewing your PSAT score report before making any decisions about enrolling in a prep course!

- Practice test on The College Board and ACT websites
- Khan Academy (link your PSAT score report)
- Self-study with practice guides/books, flashcards, QOD, etc.
- Private 1:1 tutoring
- Private test-prep course
- YouTube (yes, seriously!)

# The Foundation of the College Search:

## “Why are you going to college?”

- “Where do you want to go to college?” is often asked too early in the process. A student cannot answer *where* they want to go to college until they have answered *why* they want to go to college.
- “Why?” encourages introspection:
  - Why invest this much money into a college education?
  - Who do you hope to meet, connect with, and learn from in college?
  - How and in what setting do you learn best?
  - Is a sense of community important to you?
  - Do you want a balance between academics and social life?

# Finding Your Fit: Continue College Exploration

Students can start creating their college list by combining their career inventory results with their personal preferences.

Identify Personal Preferences:

- Location
- Size
- Campus Setting
- Majors
- Learning Environment
- Cost

# Academic Fit

**Safety:** The student's GPA and SAT/ACT scores are **above** the admissions averages for the college's most recent freshman class.

**Target:** The student's GPA and SAT/ACT scores **match** the admissions averages for the college's most recent freshman class.

**Reach:** The student's GPA and SAT/ACT scores are **below** the admissions averages for the college's most recent freshman class.

# Admission Criteria:

- Transcript
  - GPA, Strength of Schedule
- Standardized Test Scores
  - May be required at some colleges/universities.
  - Currently, there are over 1800 Test Optional or test blind colleges/universities.
- Extracurricular Activities and Leadership Roles
  - How does a student spend their time outside of their academic day?
    - Clubs, Volunteer Opportunities, Work, Athletics, Art, Music, Internships, etc.
- College Essay
  - Admissions counselors want to hear the student's voice
- Special Talents
  - Music, Sports, Art etc.
- Letters of Recommendation
  - Teachers, School Counselor, Coach, Employer
- Demonstrated Interest (In person and virtual)
  - Official campus visit, Interview, Communication with admissions counselor

# Visiting Colleges - When & How

- FHS Policy- 6 excused absences for college visits
  - Total allowed in 11th & 12th combined
  - Notify House Office before attending and submit documentation from college to House Office after attending.
  
- Open House vs. Tour/Info Session
  - Depth & Breadth of Info
  - Availability of Faculty
  - Length of Session
  - Register Early on College's Website

# Visiting Colleges - Making the Most of the Time

Before you go:

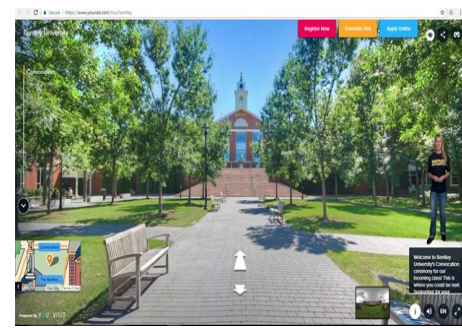

- Register online in advance
  - College Website: “Visit” Tab or “Undergraduate Admissions” tab
- Research the college before attending, develop questions important to you
- Review the website for:
  - Major Info (ie. Do they offer yours?)
  - Application Requirements (Major Specific)
  - Student Life
  - Interview opportunities

While you are there:

- Take Notes
- Take in Surroundings On & Off Campus
- Take Pictures
- Eat lunch in the Cafeteria

# Virtual and In-Person Experiences

- Visit a Campus Virtually
  - You can find virtual tours by going to the school specific websites.
  - [www.youvisit.com](http://www.youvisit.com) - access to hundreds of virtual tours
- Connect with Current Students
  - Get a student's perspective on academics, student life, and extracurricular activities.
- Engage with Admissions Counselors in one-on-one meetings
  - Have questions about the admissions process or general questions? College admissions counselors encourage prospective students and families to engage with the admissions office.

# College Fairs

- Research and attend college fairs in the area
  - National College Fair - through NACAC
    - *Providence- March 14, 2023*
    - *Boston- May 2, 2023 and May 3, 2023*
  
- Virtual College Fairs
  - NACAC virtual college fairs offer a new digital meeting space that connects counselors, students and families with colleges and universities.

# Naviance

- ★ College & Career Exploration platform
- ★ Search for schools and careers
- ★ Find information on areas of study, student life, and admissions
- ★ Will walk through with students during individual meetings starting in January

# Naviance Home Screen

The screenshot shows the Naviance Home Screen. At the top is a dark navigation bar with the Naviance logo (a compass rose) and the text "NAVIANCE BY POWERSCHOOL". To the right of the logo are links: "Home" (highlighted in blue), "Self-Discovery", "Careers", "Colleges", and "Planner". Further right are icons for a heart, a speech bubble, an envelope, and a user profile labeled "SS About Me". A "LOG OUT" button is in the top right corner.

Below the navigation bar, the main content area has a dark header with "Welcome, sample!". Below this is a search bar with the placeholder text "Search for Colleges" and a dropdown arrow. To the right of the search bar is a search input field with the placeholder text "Type a college name" and a "SEARCH" button.

The main content area is divided into two columns. The left column has a section titled "Welcome Back Juniors" with a language dropdown set to "English" and a "Go" button. Below the title is a paragraph of text about junior year and PSATs, followed by a "Read more" button. Below this is a section titled "Important To-Dos and Tasks".

The right column has a section titled "My Favorites". It contains three items, each with a heart icon and a link: "COLLEGES I'm thinking about", "COLLEGES I'm applying to", and "CAREERS AND CLUSTERS I'm thinking about". Two purple arrows point from text boxes to the first two items. The first arrow points to "COLLEGES I'm thinking about" and is accompanied by a text box that says "We work with our juniors when we meet with them". The second arrow points to "COLLEGES I'm applying to" and is accompanied by a text box that says "Seniors need to make sure their colleges are all in here".

At the bottom right of the page is a "Show Me How" button with a question mark icon.

# Career Interest Profiler

The screenshot shows the Naviance website interface. The top navigation bar includes 'Home', 'Self-Discovery', 'Careers', 'Colleges', and 'Planner'. The 'Self-Discovery' tab is highlighted. Below the navigation bar, the 'Career Interest Profiler' section is visible, featuring a 'START ASSESSMENT' button. The main content area describes the profiler's purpose: to capture interests and suggest careers based on U.S. Department of Labor data. It outlines how it works: a 15-minute assessment with 60 questions. The results are mapped to Holland's 6 personality traits, and Naviance shows careers that map to these traits. The 'What's in it for you' section lists benefits: learning personality traits, informing career planning, and helping teachers/counselors understand the student. A green arrow points from the 'Self-Discovery' tab to the 'Career Interest Profiler' section. Another green arrow points from the 'START ASSESSMENT' button to the right. A purple box on the left contains text about the location of the profiler. A purple box on the right contains text about the assessment's focus. A purple box at the bottom right contains a recommendation.

## Career Interest Profiler

START ASSESSMENT

The **Career Interest Profiler** captures your interests to help identify your personality traits and suggests careers based on the U.S. Department of Labor's data.

### How it Works

- Plan to spend at least 15 minutes on this assessment.
- You'll answer 60 questions about your interests.

The **Career Interest Profiler** then maps your results to Holland's 6 personality traits.

Naviance then shows you careers that map to your traits and educational aspirations.

### What's in it for you

- You'll learn your personality traits according to the Holland Code and how those help with career exploration and planning.
- You'll inform your career planning process with career recommendations based on your personality.
- Teachers and counselors will understand you and careers that might be a good fit for you.

# “Colleges” Tab

The screenshot shows the Naviance website interface. The top navigation bar includes links for Home, Self-Discovery, Careers, **Colleges**, and Planner. The 'Colleges' tab is highlighted with a green box. Below the navigation bar, the 'Colleges' dropdown menu is open, displaying four main categories: College Home, Research Colleges, Apply to College, and Scholarships & Money. Each category has a list of sub-links. The main content area features a 'Welcome Back Junior' message, a 'Welcome, sample!' section with a 'Search for Colleges' button, and a 'What's New' section. Welcome Back Junior

Junior year is here and it's time to make the most of an exciting year. Whether it is getting involved in a new activity, thinking about what to do after high school, or simply working hard to do well in your classes, this will be a very busy year.

We are expecting that PSATs will be happening for all interested 11th grade students later this year so take some time to prepare. The PSAT is a practice test that will not be shared with colleges but taking a few minutes to get familiar with the test will help you to get an accurate picture of your strenghts and weaknesses on the SAT that you will likely be taking this Spring.
