Agenda

Discussed feedback from Curriculum/Parent Education Event

- Well organized
- Kindergarten families were engaged
- Liked the sessions – families with more than one student had trouble fitting everything in
- Handout quick sheets immediately for feedback at each session
- Before sessions with parents, send out something so people have the ability to ask questions ahead of time.
- Planning sessions: tailor sessions to needs
- In sessions, ask families what they want to get out of the session
- Brainstorm – use this real-time feedback

Discussed communication survey for conference time for families

- Record sessions from Parent Night
- Video everything and connect to website.
- What kind of social media do you use?
- How can you use Facebook to connect to the community?
- Would like to see a “roadmap” for the year. Not just what has passed but what is coming.
- Other programs: Spread the news? Solutions, etc. (testimonials)
