Office of the Superintendent
355 East Central Street; Suite 3
Franklin, Massachusetts 02038

To the Franklin Community,

The Franklin Public Schools consist of eleven schools, including one preschool, six elementary schools, three middle schools and one comprehensive high school. Our current student enrollment is 5,543 . Our current operating budget is $\$ 58,412,000$. The proposed FY2018 budget allocation is $\$ 60,175,000$ representing an increase of $\$ 1,762,649$ or $3.02 \%$ over the FY2017 budget allocation.

In developing this budget, the administration used the Strategic Plan, the District Improvement Plan and School Improvement Plans to inform decision-making. Additionally, we reallocated funds to support district initiatives targeted to achieve federal and state requirements for school improvement. First and foremost the administration is committed to implementing an excellent educational program within the parameters of the FY2018 budget. The budget recognizes the challenges of the current economic climate and reflects a minimal increase to maintain our educational programs. Several factors impacted the planning and development of this budget; increased enrollment at Franklin High School and our three middle schools, declining elementary enrollment, contractual negotiations with many of our bargaining units, increases in health insurance, special education costs, and the continued requirement to support unfunded mandates all played a critical role in decision making.

The School Committee and the administration value the collaborative efforts of the Town Council, the Finance Committee, and the Town Administrator as we work through the budget approval process. We continue to find creative and innovative ways to reduce spending and increase efficiencies while enhancing the academic reputation of the school district. As residents, you have invested in this community and in your schools, and that has translated into increased student achievement and excellent educational and extracurricular programs. We acknowledge the support of the community to make our vision and mission realized for our students.

Respectfully submitted,

Maureen Sabolinski, Ed.D. Superintendent of Schools

Kevin O'Malley, Ed.D.
Chairperson
Franklin School Committee

Miriam Goodman, M.Ed.
School Business Administrator

The FY2018 proposed school district budget is driven by three key factors:

## Personnel Salaries and Contractual Obligations:

The FY2018 proposed budget includes funding for all known collective bargaining increases as well as a projection for those currently being negotiated. The overall salary recommendation does not include costs for employees who are expected to be absent for the year due to an unpaid leave of absence. The net increase in personnel costs amounts to $\$ 2,010,329$, of which, $\$ 614,445$ is attributable to the reduction in the application of one-time revolving funds in FY18 as they are no longer available based on FY2017 projected spending.

Similar to prior years, human resources continue to be our most valuable asset as indicated by the fact that eighty-six percent of the FY2018 budget is comprised of salaries and health benefits. The remaining fourteen percent accounts for payment for students attending out-of-district placements, transportation, and other expenses, mainly supplies and contracted services.

## Health Care Benefits:

For FY2018, health care premiums are expected to increase. Preliminary renewal rates approached a $16 \%$ increase, however, the Town and School administration and the Insurance Advisory Committee continue to explore ways to reduce health care costs while at the same time improve overall health and wellness of employees. With plan design changes currently being considered, we remain hopeful that premium increases will be minimal. At this time Franklin's Insurance Advisory Committee continues to work towards this goal and recognizes the significant cost savings that the Town and its employees have realized over the past several years. We are encouraged by this level of collaboration and we continue to explore additional cost containment measures.

## Special Education Costs:

The FY2018 budget includes an increase in transportation costs for students with disabilities who require placement in an out-of-district setting in order to serve their unique special needs. The transportation cost increase of $\$ 200,000$ is consistent with the increase in the number of students who are placed out-ofdistrict.

## Office of Teaching and Learning

## District Achievement Profile

Franklin continues its high level of performance as demonstrated in a multitude of ways including statewide testing, such as MCAS and PARCC. Students in grades 3-8 participated in PARCC testing for ELA and Math instead of MCAS, while continuing to take MCAS for Science in grades 5 and 8. MCAS was also the high stakes competency test for high school students for ELA, Math, and Science. On all tests our students achieve at high levels, although across the district there are subgroups that warrant our attention. Franklin is designated by the state as a Level Two district. A district's designation is dependent upon the lowest level assigned any of the schools. Franklin has a mix of Level One and Two schools, with FHS and two elementary schools qualifying as Level One schools. The district report link is here:

## Franklin Curriculum Plans

Many of the initiatives that are underway in the district represent the best of current educational research and practices. Continued dedication to these principles serves to prepare students most effectively for college and careers as well as all assessments: MCAS, SATs, other standardized tests, and all local measures of achievement. There are a multitude of factors that contribute to excellence in student achievement. Among these factors are the articulation of
vertical and horizontal curriculum and the consistent use of effective instructional practices. To achieve this we continually work to: align the curriculum to mandated standards, use appropriate materials, use effective instructional strategies and practices, integrate technology in instruction, develop and implement diverse assessment types, have adequate funding, provide appropriate professional development, and most importantly, continue our ongoing focus on success for all students.

In the area of teaching and learning, many of the initiatives we have engaged in have been ongoing. While continuing to implement the ELA and Math MA Frameworks from 2011, we have also begun to adapt our curriculum to revisions from the 2016 Science and Engineering Frameworks. This will continue into the 2017-2018 year and beyond. Work continues as noted below.

## Curriculum, Instruction, and Assessment Initiatives:

- Franklin continues to move ahead with a multi-year implementation of literacy across the curriculum at all levels of the district.
- The 2016 Science and Engineering Curriculum Frameworks have been released and work is ongoing to ensure alignment in this discipline as well. This is a multi-year effort.
- Franklin has created a number of curriculum committees and teams comprised of teachers and administrators to develop, oversee, and complete a number of important projects.
- The Elementary and Middle School Science Curriculum Committees have continued their work and will lead the implementation effort in the district for grades K-8. The new frameworks are already being implemented at FHS.
- The Digital Learning Committee has continued its work on establishing learning goals for students with regard to technology and is looking forward to publishing a scope and sequence for digital literacy for all K-12 students. Additionally , the committee is working on a Bill of Rights and Responsibilities for all staff and students to outline expectations for digital learning, usage and citizenship. Both documents will be released for the 2017-2018 school year.

## Professional Development

- Many elementary teachers have taken advantage of professional development opportunities offered by the district in Responsive Classroom. Training has now been provided for almost all classroom and special education teachers as well as many specialists. Training will continue in future years as this set of tools in the socialemotional area has had noticeable positive impacts on learning environments. Responsive Classroom is rolling up to the middle schools and Grade six teachers were trained this year. We look forward to training the rest of the staff at the middle schools in the next two years.
- The Keys to Literacy initiative has continued and strengthened at all middle schools and the high school with deep implementation impacting literacy across the curriculum for students. Literacy coaches were added at the high school to aid in implementation across all content areas.
- Two new professional development options were offered this year. The first was provided by the Buck Institute and teachers learned about project-based learning
strategies. The second was offered by Code to the Future and teachers learned how to implement coding in their classrooms at all levels.
- Other professional development efforts continue across the district for all professional staff. Offerings include but are not limited to: graduate courses, content and instructional workshops, instruction in the use of technology, professional learning communities, and many others.

The Office of Teaching and Learning continues to strive to achieve our goal of excellence in all aspects of teaching and learning for all teachers and students.

# Frequently Asked Questions (FAQs) FY2018 Franklin School District Proposed Budget 

## Q. Why should the community support the budget?

The commitment to educate our children is a commitment that the residents of Franklin have long supported. Horace Mann, the father of public education and integral to Franklin's historical legacy stated, "Education then, beyond all devices of human origin, is the equalizer of conditions of men, the great balance wheel of the social machinery".

The School Committee, administration and staff developed a fiscally responsible budget that promotes student achievement, protects core programs and is respectful of the current economic climate. The FY 2018 proposed budget requests a $3.02 \%$ increase. Shifts in local, state and federal funding continue to require the use of revolving funds to maintain the programs we currently have in place for our students. In FY2017, a substantial increase in one-time funds was used to offset the proposed budget. In FY2018, a substantial amount will continue to offset this proposed budget at a level that will no longer be sustainable for future years. While the district has been fiscally conservative in using revolving funds in prior years, the trend of using one-time funds to balance the budget cannot continue based on the Town Administrator's five-year forecast. As FY2019 approaches, there will likely be a need for reductions to obtain a balanced budget.

## Q. How can the community learn more about the School District Budget?

It is critical for parents and community members to be educated about the school budget. All information pertaining to the budget, including explanations, PowerPoints, and financial data, can be found at http://franklindistrict.vt-s.net/Pages/FranklinDistrict budget/index. In addition, community members can contact local School Committee Members or the Superintendent's office.

## Q. How will the FY 2018 budget impact educational services?

- Class sizes will remain within School Committee guidelines
- Services provided in FY2017 will continue to be provided in FY2018
- Special Education mandates will be funded
- Programs for English Language Learners and added professional development for teachers supporting them will continue to be funded
- Transportation, athletic and extracurricular fees will remain consistent with FY2017 rates
- Current educational programs will remain in place
- Art, music, athletic and extracurricular programs remain intact
- Teachers will continue to receive added professional development to implement the MA Science Standards K-8, technology, educator evaluation, and Social Emotional Learning (SEL)

## Q. Will user fees be increased?

The FY 2018 budget does not require any increases to fees, nor does it require new fees to be implemented.

## Q. Why is the school district continually facing budget gaps?

The Town of Franklin, as many municipalities in the Commonwealth of Massachusetts, is faced with structural deficits as costs and service needs rise faster than the available tax revenue. Health insurance, retiree health insurance, contractual obligations and unfunded federal and state mandates result in cost increases that continue to outpace available tax revenues. To improve municipal finances we will need innovative ideas to generate new sources of revenue and we continue to look to collaborate with the town to build efficiencies into our budget and operations.

## Q. What has the School Committee and administration done to budget in a fiscally conservative manner?

Through partnerships we have co-written grants to help offset a variety of costs. We continue to engage with our local YMCA, Dean College, and William James College. We have been awarded a grant to increase educator engagement in Social Emotional Learning initiatives. The Town and School Department still have consolidated facilities and technology services to reduce costs. The Town and School Department continue to explore additional areas for consolidation. Over the last ten years we have significantly reduced and eliminated programs and positions while continuing to meet higher educational standards and accountability requirements as established by federal and state regulations.

## Q. What other federal and state funds support the operating budget?

Franklin actively seeks federal and state grants to supplement the operational budget. During FY2017, Franklin received $\$ 1,457,133$ in grant funds to provide additional staffing and supplemental services to meet the needs of students.

## Q. What are some other sources of financial support for the Franklin Public Schools?

The district receives significant financial support from the community. Grants from the Franklin Education Foundation support teachers directly. Other parent and community sponsored groups help support our programs. The Music Boosters, all the Athletic booster clubs, and the Parent Communication Councils (PCC) support the mission and vision of the school district. Without their financial support many of our needs would go unmet. To date Franklin has received $\$ 2,700,210$ in special revenue revolving funds.

## Q. How will class size be impacted by this budget?

As enrollment increases at the secondary level, some class sizes at Franklin High School may increase and exceed School Committee guidelines. However, enrollment at the elementary level continues to decline and class sizes at the elementary level remain within School Committee guidelines,

## Q. How does per pupil spending in Franklin compare with spending in other Massachusetts communities?

A Franklin Public School education is a tremendous value when you compare achievement results with the local cost to taxpayers. Based on data released by the Massachusetts Department of Elementary and Secondary Education Office of Finance, as of FY2016 Franklin's per pupil expenditure of $\$ 13,310$ is $14 \%$ below the state average of $\$ 15,511$.

## General Program Information:

The F.X. O'Regan Early Childhood Development Center, or ECDC, is committed to offering the young children of Franklin an opportunity for high quality developmentally appropriate learning in an environment that encourages diversity, cooperation and understanding.

ECDC has maintained the highly respected accreditation from the National Association for the Education of Young Children (NAEYC), demonstrating a commitment to high quality, standardsbased programming. Our building and our curriculum have been designed to meet the complex needs of students with and without disabilities on their way to developmental readiness for kindergarten.

## Our Curriculum

ECDC has developed a curriculum based on the high standards established by The National Association for the Education of Young Children (NAEYC) and reflected in the Massachusetts Frameworks. A percentile score of 75 or higher equals "on target" for meeting gap narrowing goals. For the full DESE Davis Thayer report card, please refer to the following link:

## School Facts from this past year:

- Remington Middle School is recognized as one of ten Spotlight Schools in Massachusetts, and one of forty in New England, by the New England League of Middle Schools (NELMS).
- Brian Wildeman, RMS Principal, welcomed students back to school for the third year in a row by dancing on the front walkway.
- RMS has reinstituted an Advisory program. All students participate in Advisory within small groups for 30 minutes every other day. The theme for Advisory is Make a Difference. At the beginning of the year every student received a Make a Difference bracelet and to kick-off Advisory each student was given a t-shirt with the REMDAWG acronym printed on it.
- Tulani Husband-Verbeek has continued the Friday Scholars Program, which rewards students with a free book for being recognized for their achievement/effort in the classroom connected to the REMDAWG acronym.
- RMS students have participated in virtual author visits via Skype, with three renowned Young Adult Authors.
- RMS students Ryan O’Rourke and Elaine Pu received an Honorable Mention at the Massachusetts State 2017 Scholastic Art Competition.
- 70 students make up "Future Teachers", a group that tutors and mentors Jefferson Elementary students in the classroom.
- The Remington Best Buddies Club received just over $\$ 2000$ in grant funding via The Friends of Best Buddies. This funding will allow for a number of activities that would allow buddies an opportunity for social interaction in smaller groups outside of school in addition to allowing for peer modeling of appropriate social interactions. Events this year are: Pizza party, ice cream social, field trip to PINZ (bowling), and small group outings to local restaurants.
- The RMS Science and Social Studies departments hosted the 7th Annual Science Fair and STEM night!
- Student Council recently donated several hundred pounds of candy to Operation Giveback, and collected over 500 toys and $\$ 200$ for gift cards for children in need.
- 188 RMS band, chorus and orchestra students performed a beautiful concert in December.
- On January 28th Remington music students will travel to Grafton High School in Grafton, MA for the Central District Music Festival auditions.

Special revenue funds include annual revenue funds, receipts, reserved for appropriation, revolving funds and gifts and grants from governmental entities and private individuals and organizations.

## REVOLVING <br> FUNDS

# Description of Revenue Source and Use of Revolving Funds 

Public schools in Massachusetts are authorized to maintain revolving and special revenue accounts which are not subject to fiscal year boundaries and do not close out to the Town's general fund (unless specified in the authorizing legislation). The Franklin Public Schools has several revolving funds common to school districts, including Athletics and Activities, Transportation, Tuition funds and other funds that relate to activities engaged in by schools. In FY18 revolving funds were applied to offset operating budget costs. Some of the amounts will be sustained year after year, such as Athletics based on the number of students participating in sports. Others, will not, such as School Choice.

In accordance with the School Committee's philosophy, the District maintains a balance in revolving funds that is sufficient to cover one year's planned offsets. For example, the balance at the end of FY17 carries into FY18. This balance would be sufficient to offset costs in FY18 should anything change significantly in either revenue collections or expenses during FY17. The timing would allow for some planning to address any changes. In this FY18 budget cycle, there are projected amounts that deviate from this philosophy in order to balance the FY18 budget.

Revolving funds are used to separately account for actual receipts from particular fees or charges that are earmarked for expenditure without appropriation to support the activity, program or service that generated the receipts.

These funds are typically authorized for programs or services with expenses that (1) fluctuate with demand and (2) can be matched with the fees or other charges collected during the year from program users. The director operating the program is usually given spending authority, but can only spend from actual collections on hand and available (unspent and unencumbered).

The following pages provide an explanation and financial status of the major revolving funds maintained by the District. All balances are as of June 30th in each fiscal year with a year-to-date amount for the current year.

The United States Department of Agriculture (USDA) and the Massachusetts Department of Elementary and Secondary Education (MA DESE) oversee the National School Lunch and Breakfast programs. As a participant in the programs, Franklin is required to serve meals that meet the Federal requirements. Families with income at or below 130 percent of the poverty are eligible for free meals. Families with income between 130 and 185 percent of the poverty level are eligible for reduced-price meals (40 cents). Annual revenue receipts vary based on the number of meals served.

Breakfast and Lunch fees are set annually by the School Committee and can be found on the district's website. Current pricing for FY17 is as follows:

The School Store Revolving Account was established in August, 2015 under Massachusetts General Law Chapter 44 Section 53E1/2. All purchasing of inventory for resale is funded from this account and the revenue from sales is deposited here as well.
