Join our elected officials for a discussion as they provide updates and insights on legislative initiatives directly impacting public schools in general and Franklin in particular. For this year's forum we have expanded our focus to include issues beyond funding, including:

- Developmentally Appropriate Practices (Such as Recess and Start Times)
- Addressing the Physical, Emotional and Social Needs of our Students
- College, Career and Civic Readiness
- Impacts of the Current Funding Formula on our FY20 Budget and Beyond
- Special Education and Associated Costs

We hope you will join us for this important discussion on school funding and policies, especially as we continue to develop our FY20 school budget.
