### **Superintendent's Report to School Committee** *April 28, 2020 School Committee Meeting*

#### **FHS Principal Search Update**

Last week, our three finalists each participated in remote site visits to the district, meeting with principals, the HS leadership team, the Central Office leadership team, HS faculty and staff, a HS student focus group, and a parent focus group. I wish to extend my sincere thanks to all who participated.

I solicited feedback through surveys, which closed last evening. Additionally, today I conclude interviewing each candidate individually. My next steps is to conduct reference checking as well as weigh all of the information that is being shared with me. My aim is to have a decision next week.

#### **Concluding Thoughts**

Dr. Ahern concluded the report by speaking directly to the senior school committee representatives, letting them know that we are thinking for them. The FPS administration is actively planning with FHS administration ways in which their accomplishments, such as graduation, can be recognized.
