STUDENT CONDUCT ON SCHOOL BUSES

The Franklin School Committee and the Franklin Public Schools and its staff share with students and parents/guardians the responsibility for student safety during transportation to and from school. The authority for enforcing School Committee requirements of student conduct on buses will rest with the Principal.

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents/guardians of children whose behavior or misconduct on school buses endangers the health, safety, and welfare of other riders will be notified that their children will incur consequences up to and including the loss of transportation privileges in accordance with the code of conduct outlined in the student handbooks.

MOTOR VEHICLE IDLING ON SCHOOL GROUNDS

No motor vehicle operator shall cause or allow any motor vehicle operated by them on school grounds to idle unnecessarily, except for any of the following reasons:

- traffic conditions;
- queuing at a school for the purpose of picking up or discharging students;
- turbo-charged diesel engine cool down or warm up;
- maintenance of appropriate temperature for school buses when accepting or discharging passengers not to exceed three minutes in any fifteen minute period or one minute in any fifteen minute period for other motor vehicles;
- for circumstances involving safety or emergencies and for servicing or repairing motor vehicles;
- and as these exceptions are more completely described in the below referenced regulations.

The term "school grounds" shall mean in, on or within 100 feet of the real property of the school whether or not it is in session, and shall include any athletic field or facility and any playground used for school purposes or functions which is owned by the municipality or school district, regardless of proximity to a school building, as well as any parking lot appurtenant to such school athletic field, facility or playground. Reasonable efforts shall be made by the district to identify by signage all known and actual air intake systems, which may be within 100 feet of an idling motor vehicle. A motor vehicle operator shall not idle a motor within 100 feet of such air intake system, unless the Franklin School District has determined that alternative locations block traffic, impair student safety or are not cost effective.

The Franklin School District shall erect and maintain in a conspicuous location on school grounds "NO IDLING" signage as described below. All such signage shall contain appropriate sized font so as to be visible from a distance of 50 feet.
