Re: Establishment of Summer School Revolving Account
Date: May 5, 2021

An action item is presented for approval at the May 11, 2021 regular school committee meeting to establish a Summer School Revolving Account in accordance with Massachusetts General Law Chapter 71 Section 47.

Franklin High School is requesting to operate a fee-based summer school program for credit recovery for students. Previously, if students needed additional credits they would be directed to nearby districts for summer school programming. Based on the number of students that we anticipate might need this service, Franklin High School would like to support these students in our own summer program.

Families would be charged a fee for students to access summer coursework, and students would be supervised by Franklin High School teachers.

Expenses could include but are not limited to the payment to a Director to oversee the program, payment to teachers working with students, distance learning expenses, and any other supplies/materials that might be required to run the program.

All revenue would be accounted for in this revolving account, and expenses, to the extent possible would be charged here as well based on revenue actually received. If, at some point the district expanded this program to other levels, this account would also apply to those levels.

I recommend the establishment of a Summer School Revolving Account to properly account for receipts collected and expenses of summer programming.

Should you have any questions, please feel free to contact me. Thank you.
