---

### **ALL FAMILIES**

In order to support remote learning, the FPS Digital Learning Integrationists will be holding Parent/Guardian support sessions throughout the year. Our first session, “Navigating the Remote Learning Environment”, will focus on the basics of navigating Google Classroom and Google Meetings. These sessions will be live streamed according to the schedule below.

Those who have children in the Virtual Learning Academy will receive an additional communication with a session dedicated to their families.

**During** each session, questions can be submitted through the [form linked here](#).
